KATHARINE GRAHAM
President

February 18, 1964

Dear Chief:

I am forwarding you this letter from one of our top Newsweek editors. He has had experience with public relations for RCA. Because I think him very intelligent and he was very worried, I told him I would forward his worries to you. I apologize as he does for burdening you further. This was something he felt he must say.

It was good to see you, however briefly, last night.

Affectionately,

Kay
